

keiomobile2/eduroam Connection ID Confirmation Procedures (For Android)

Please refer to the following steps to check whether the account type currently used for connecting to keiomobile2/eduroam is a Keio ID or an ITC Account.

1. Open **Settings** and tap "**Network & internet**".

2. Tap "**Internet**".

3. Scroll down to the bottom and tap "Saved networks".

4. Tap the SSID you want to check. In the opened settings screen:
- If the Server Name in "Network details" is "wrcore2.itc.keio.ac.jp", it is a Keio ID.
 - If it is "wifi-entry.user.keio.ac.jp", it is an ITC Account.
