

keiomobile2/eduroam Connection ID Type Confirmation Procedures (For macOS)

Please refer to the following steps to check whether the account type currently used for connecting to keiomobile2/eduroam is a Keio ID or an ITC Account.

1. Click **Wi-Fi** in **System Settings**. In "**Known Networks**", click the "**...**" on the right side of "**Keiomobile2**" or "**eduroam**" and select "**Copy User Name**" from the menu that appears.

2. Launch a text editor such as "**Notes**" and paste the information to check the ID.
 - If the part of the ID after the "@" is "keio.jp", it is a Keio ID.
 - If it is "user.keio.ac.jp", it is an ITC Account
